Re: Quail Ridge Water System

Dear Ms. Boyd:

Please be advised that Clarendon County (County) has acquired the Quail Ridge Water System (System). The System is located in the Quail Ridge Shores Subdivision (Subdivision) of Clarendon County. I have enclosed a deed and bill of sale confirming this transfer for your records.

This System was previously owned by Mr. Henry Rickenbaker. Mr. Rickenbaker passed away in 2010 leaving ownership and maintenance of the System to his immediate family. By acquiring the System the County feels that the health, safety and welfare of the residents of the Subdivision and surrounding communities will be improved.

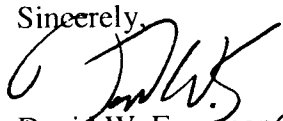

At this time, Clarendon County has filed all applicable forms with the South Carolina Department of Health and Environmental Control (SCDHEC) so that ownership of the system and all related business interest can be confirmed in the name of the County.

Therefore, in compliance with applicable rules and regulations, the County would like to request approval by the Public Service Commission of the transfer of the Quail Ridge Water System to the County. The County would also request that any hearings, if applicable, be waived.

If you have any questions or concerns, please do not hesitate to contact me.

With kind regards, I am

Sincerely,

David W. Epperson
Clarendon County Attorney/
Interim Clarendon County Administrator
